

## SPONSOR A STUDENT

خَيْرُكُمْ مَنْ تَعَلَّمَ الْقُرْآنَ وَ عَلَّمَهُ

“*Khairukum man Ta'allamal Qura'na Wa A'llamahu.*” (Bukhari)

“The best among you are those who learn the Qur'an and teaches it.”

السلام عليكم ورحمة الله وبركاته

*As you all know Education is one of the most important Islamic social objectives. In Islam, seeking knowledge is a duty on every Muslim, man or woman. Prophet Muhammad ﷺ said, “Seeking knowledge is an obligation upon every Muslim.”*

*The Qur'anic expression "in the cause of Allah ﷻ" or "fi sabil Allah" has a broad meaning that covers da`wah and public welfare programs. This view is adopted by many scholars who are known for their deep and profound knowledge of shari`ah (Islamic law) and its main objectives. So, Muslims can spend money on projects that contribute to the public, educational, and social welfare of the community. Supporting and sponsoring distinguished Muslim students should be among the main goals of such funds.*

*Some deprived students, at different levels of education, face the challenge of paying tuition fees. This serious phenomenon is not peculiar to anyone specific. Rather, it is a general problem that negatively affects most, if not all communities, though at different levels from one to another.*

*Muslims, therefore, are highly encouraged to give in charity and to give their donation to support and sponsor Muslim students. This is a rewardable act of worship that Muslims are advised to offer for Allah's ﷻ sake and for the betterment of their communities.*

*I shall call on Muslims Brothers and Sisters to give in charity, make awqaf (endowments), and give their donation to finance educational welfare projects and support Muslim students in order to serve the public and social welfare of the community. We as Muslims should exert our utmost efforts to help students and promote educational development on significant scales.*

*You can sponsor Annually, Monthly suiting to your convenience.*

جَزَاكَ اللَّهُ خَيْرًا
